

Wholesale Collaborations with Amber Joy | Creative Studio.

I work with *museums, galleries, shops, cultural and heritage sites* to create *bespoke artisanal* homeware, art and accessories.

I create *bespoke* high quality product designs to reflect *site specific* vision, brand identity and clientele. All products fuse high quality traditional practices into a contemporary style, bringing awareness to age forgotten crafts.

How it works

With a discussion on your target audience/s, the types of products you might be interested in and any design ideas you might like to feature – logo, specific colours, materials, themes, pieces from your collection, etc,

I will create a range of samples and costs for you to look at and alter where necessary without any obligation to buy. There is currently no cost for this design process.

All products are Crafted in my Sussex workshop.

Please be aware that large orders will need to pay an upfront cost of at least 50% before materials can be ordered.

Prices

For details of Cost Prices, MOQs and RRP's please refer to the 'REVISED Amber Joy Creative Wholesale Pricelist.'

These are guide prices as I aim to work with museums to match their budget and clientele, some heritage sites have a very vast footfall whereas it can be very small for others.

Delivery

Delivery will be sent signed for or tracked and charges will depend on the size of the order. Delivery is free for local orders.

Sustainability

All veneer and plywood come from FSC certified companies, locally sourced where possible. Waste material is recycled into other products.

Lead Times

Please allow six weeks after designs have been finalised for the production lead time, please keep this in mind when requiring products in time for a specific event or exhibition.
